INDEPENDENT AUDITORS' REPORT

To
The Shareholders of
GPH ISPAT LIMITED

Opinion

We have audited the accompanying financial statements of **GPH ISPAT LIMITED** (the Company), which comprise the Statement of Financial Position as at 30 June 2024, the Statement of Profit or Loss and Other Comprehensive Income, Statement of Changes in Equity and Statement of Cash Flows for the year then ended, together with the notes numbering 01 to 46 annexed thereto.

In our opinion and to the best of our information and according to explanations given to us, the accompanying Financial Statements, prepared in accordance with International Financial Reporting Standards (IFRSs), give a true and fair view of the financial position of the company as at 30 June 2024 and of its financial performance and cash flows for the period from 01 July 2023 to 30 June 2024 and comply with the Companies Act, 1994, the Securities and Exchange Rules, 2020 and other applicable laws and regulations.

Basis of opinion

We conducted our audit in accordance with International Standard on Auditing (ISAs) as adopted by the Institute of Chartered Accountants of Bangladesh (ICAB). Our responsibilities under those standards are further described in "Auditors responsibilities for the audit of the financial statements" section of our report.

We are independent of the Company in accordance with the International Ethics Standards Board for Accountants Code of Ethics for Professional Accountants (IESBA Code) that are relevant to our audit of the financial statements in Bangladesh, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the IESBA Code.

We believe that the audit evidence we have obtained are sufficient and appropriate to provide a basis for our audit opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements for the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

1	<p>Revenue Recognition (Refer to note 25)</p> <p>Net Revenue of TK.55,829,286,296 is recognized in the Statement of Profit or Loss and Other Comprehensive Income of GPH ISPAT LIMITED for the year ended 30 June 2024. We identified revenue recognition as a key audit matter because revenue is one of the key performance indicators of the company and therefore there is an inherent risk of manipulation of the timing of recognition of revenue by management to meet specific targets or expectations.</p> <p>As described in the accounting policy 3.15 to the financial statements, the company recognizes revenue upon rendering services to the customers/clients as per IFRS 15 – Revenue from Contract with Customers.</p>	<p>In light of the fact that the high degree of complexity we assessed the Company’s processes and controls for recognizing revenue as part of our audit. Furthermore, in order to mitigate the inherent risk in this area, our audit approach included testing of the controls and the substantive audit procedure, including:</p> <ul style="list-style-type: none"> ➤ We evaluated the Company’s accounting policies pertaining to revenue recognition and assessed compliance with the policies in terms of IFRS 15 – Revenue from Contracts with Customers. ➤ We identified and tested controls related to revenue recognition and our audit procedure focused on assessing the invoicing and measurement systems up to entries in the general ledger. Examining customers’ invoices and receipts of payment on a sample basis. ➤ We conducted substantive testing of revenue recorded over the year using sampling techniques, by examining the relevant supporting documents including sales invoices. In addition, we confirmed certain customers’ receivable balances at the reporting date, selected on a sample basis by considering the amounts outstanding with those customers. ➤ Furthermore, we tested the sales transactions recognized shortly before and after the reporting date, including the sales returns recorded after that date, to examine whether sales transactions were recorded in the correct recording periods.
2	<p>Inventories (Refer to note 11)</p> <p>Inventories represent about 32.17% of the total revenue of the Company; inventories are thus a material item to the financial statements. Please refer to note 11 to the financial statements.</p> <p>As described in the accounting policy note 3.07 to the financial statements,</p>	<p>We verified the appropriateness of management control applied in calculating the value of the inventory provision by:</p> <ul style="list-style-type: none"> ➤ Tested the operating effectiveness of key controls over inventories; including observing the process of management’s year-end inventory count. ➤ Verified a sample of inventory items to ensure that costs have been appropriately recorded. ➤ Tested on a sample basis the net realizable value by

As such, management is required to make judgments in determining whether inventories are being appropriately valued, and also need to make provision for aged inventories, if required.</p> <p>Due to the value and volume of inventories being held by the Company at the reporting date and complexities involved in the accounting and presentation thereof, inventories have been considered as a key audit matter.</p>	<p>comparing costs to recent selling prices and assessing the reasonableness of any resulting write down of inventory items.</p> <ul style="list-style-type: none"> ➤ Assessed whether appropriate provision have been recognized for aged, damaged, slow moving or obsolete inventories by reviewing the age of inventories held and evaluating management's basis for determining the usability of inventories. ➤ Performed cut-off tests to determine that the purchase and sales of the inventories have been considered in the correct accounting period. ➤ Reviewed the historical accuracy of inventory provision and the level of write downs.
3	<p>Property Plant and Equipment <u>(Refer to note 04)</u></p> <p>The company has a large number of Property, Plant and Equipment items. In view of availability of latest machinery due to improved technology, the obsolescence & impairment may be noticed in existing machineries.</p> <p>Management has concluded that there is no impairment in respect of all assets. This conclusion required significant management judgment. Hence, we considered this to be key audit matter.</p>	<p>Our audit procedure in this area included, among others;</p> <ul style="list-style-type: none"> ➤ Assessing the consistency of methodologies use for depreciating the assets; ➤ Checking on a sample basis, the accuracy and relevance of the accounting of PPE by management; and ➤ For selected samples, performing physical observation to assess management's determination on whether the equipment is obsolete, and testing the assumptions used in estimating recoverable amount, such as estimated useful life and replacement cost. ➤ Examining management's periodic review of Property, Plant and Equipment for determination of impairment and obsolescence.
4	<p>Measurement of Deferred Tax <u>(Refer to note 20)</u></p> <p>The Company recognizes deferred taxes relating to Property, Plant and equipment, Right of use asset, Intangible asset, Investment in quoted shares and employee benefits (Gratuity), which are very complex in nature.</p> <p>As such accounting for deferred taxes involves management in developing estimates of tax exposures and contingencies in order to assess the adequacy of tax provision. Hence, we considered this to be a key audit matter.</p>	<p>Our audit procedure in this area included, among others.</p> <ul style="list-style-type: none"> ➤ Assessing the design, implementation and operating effectiveness of key controls in respect of the company and the process of recognition of deferred taxes. ➤ Using our own tax specialist to evaluate the tax bases and Company tax strategy. ➤ Assessing the accuracy and completeness of deferred tax, and

5	<p>Trade Receivables (Refer to note 12)</p> <p>Trade receivable is a key audit matter in the audit due to quantum of the trade receivable balance, realization nature of long outstanding invoices and management judgement at the time of impairment test.</p>	<p>Our audit procedures in this area included among others:</p> <ul style="list-style-type: none"> ➤ Obtained trade receivable balance confirmation; ➤ Analyzed the ageing of trade receivable; ➤ Obtained a list of long outstanding receivable and assessed the recoverability of these through inquiry with management and by obtaining sufficient corroborative evidence to support the conclusion. <p>Reviewed subsequent status of receivables.</p>

Reporting on other Information

Other information consists of the information included in the Company's 30 June 2024 year ended Annual Report other than the financial statements and our auditor's report thereon. We obtained the Director's Report, Management Discussion and Analysis, Financial information, and Corporate Governance report prior to the date of our auditor's report, and we expect to obtain the remaining reports of the Annual Report after the date of our auditor's report. Management is responsible for the other information.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

Based on the work we have performed; we conclude that we have nothing to report in this respect.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements of the Company in accordance with International Financial Reporting Standards (IFRSs), the Companies Act, 1994, the Securities and Exchange Rules, 2020 and other applicable laws and regulations and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Company's financial reporting process.

Auditors' responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- (a) Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- (b) Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- (c) Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

Handwritten signature

- (d) Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- (e) Evaluate the overall presentation, structure and content of the financial statements, including the disclosures and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- (f) Obtain sufficient appropriate audit evidence regarding the financial information of the or business activities within the Company to express an opinion on the financial statements. We are responsible for the direction, supervision and performance of the Company audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We communicate with those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

We determine those matters, from the matters communicated with those charged with governance that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on other legal and regulatory requirements

In accordance with the Companies Act 1994 and the Securities and Exchange Rules, 2020, we also report the following:

- i) We have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit and made due verification thereof;
- ii) In our opinion, proper books of account as required by law have been kept by the company so far as it appeared from our examination of these books and;
- iii) The statement of financial position and statement of profit or loss and other comprehensive income dealt with by the report are in agreement with the books of account and returns.
- iv) The expenditure incurred was for the purposes of the company's business.

3.01 Consistency

Unless otherwise stated, the accounting policies and methods of computation used in preparation of Financial Statements for the year ended 30 June 2024 are consistent with those policies and methods adopted in preparing the financial statements for the year ended 30 June 2023.

3.02 Property, Plant and Equipment

i) Recognition and Measurement

Property, plant and equipment are stated at cost less accumulated depreciation except land and land development.

Cost includes expenditure that is directly attributable to the acquisition of asset. The cost of self constructed asset includes the cost of material and direct labour, any other costs directly attributable to bringing the assets to a working condition for their intended use, and the costs of dismantling and removing the items and restoring the site on which they are located.

ii) Pre-Operating Expenses and Borrowing Costs

Interest and other incurred by the company in respect of borrowing of fund are recognized as expenses in the year in which they incurred unless the activities that are necessary to prepare the qualifying assets for its intended use are in progress. Expenses capitalized also include applicable borrowing cost considering the requirement of IAS-23 "Borrowing Costs".

iii) Subsequent Costs and Maintenance Activities

The company recognizes in the carrying amount of an item of property, plant and equipment, the cost of replacing part of such an item when the cost is incurred, it is probable that the future economic benefits embodied with the item will flow to the company and the cost of the item can be measured reliably. Expenditure incurred after the assets have been put into operation, such as repair and maintenance is normally charged off as revenue expenditure in the year in which it is incurred. In situation where it can be clearly demonstrated that the expenditure has resulted in an increase in the future economic benefit expected to be obtained from the use of property, plant and equipment, the expenditure is capitalized as an additional cost of the assets. All other costs are recognized to the profit and loss account as expenses if incurred. All upgradation /enhancement are generally charged off as revenue expenditure unless they bring similar significant additional benefits.

iv) Depreciation

Land is held on a freehold basis and is not depreciated considering the unlimited life. In respect of all other property, plant and equipment, depreciation is recognized in the statement of profit or loss and other comprehensive income on diminishing balance method.

The depreciation rate(s) are as follows:

Rate of Depreciation for the year		
Class of assets	30 June 2024	30 June 2023
Land & Land development	-	-
Plant and Machinery	5%	5%
Factory Building	5%	5%
Furniture, Fixture and Decoration	10%	10%
Computer and Accessories	20%	20%
Motor Vehicles	10%	10%
Logistic Vehicles	7.50%	7.50%
Electric and Gas Line Installation	5%	5%
Lab Equipment	10%	10%
Office Equipment	20%	20%

Depreciation of an asset begins when it is available for use, i.e. when it is in the location and condition necessary for it to be capable of operating in the manner intended by management. Depreciation of an asset ceases at earlier of the date that the asset is classified as held for sale in accordance with IFRS 5 and the date that the asset is derecognised. The depreciation method used reflects the pattern in which the asset's economic benefits are consumed by the entity. After considering the useful life of assets as per IAS-16 "Property, plant and equipment", the annual depreciation have been applied equal allocation of total cost over useful life of assets which is considered reasonable by the management.

Depreciation methods and useful lives are reassessed at the reporting date and adjusted if appropriate.

Upon retirement of assets, the cost and related accumulated depreciation are eliminated from the accounts and resulting gain or loss is charged or credited to statement of profit or loss and other comprehensive income.

Total depreciation is distributed as under:

Category	Rate
Direct expenses	90%
Administrative expenses	5%
Selling and distribution expenses	5%

v) Impairment of Assets

The company reviews the recoverable amount of its assets at each reporting date. If there exists any indication that the carrying amount of assets exceeds the recoverable amount, the company recognizes such impairment loss in accordance with IAS-36 "Impairment of Assets".

vi) Retirement and Disposals

An asset is derecognized on disposal or when no future economic benefits are expected from its use and subsequent disposal. On disposal of property, plant and equipment, the cost and accumulated depreciation are eliminated. Gain or loss arising from the retirement or disposal of an asset is determined as the difference between the net disposal proceeds and the carrying amount of the assets and is recognized as gain or loss from disposal of asset under other income in the statement of profit or loss and other comprehensive income.

vii) Revaluation of Property, Plant and Equipment

As per decision of the Board of Directors (BoD), the Company has revalued its freehold land and land development, Plant & Machineries and Electric and Gas Line Installation of QEAF project to the determination of current fair market value to be used to show the actual picture of the company in the Financial Statements by an independent valuer G. Kibria & Co.; Chartered Accountants dated 22 June 2023. As per BoD meeting dated 28 June 2023, the Board of Directors has accepted the revaluation report and agreed to effect revaluation surplus amount in the accounts of GPH Ispat Limited by following necessary accounting policies.

Any revaluation increase arising on the revaluation of such land and land development, plant and machinery, Electric and Gas Line Installation is recognized in other comprehensive income and accumulated in equity as revaluation reserve, except to the extent that it reverses a revaluation decreases for the same asset previously recognized in profit or loss, in which case the increase is credited to profit or loss to the extent if the decrease previously expensed. A decrease in the carrying amount arising on the revaluation of such Land, building, plant and machinery, furniture, fixtures and equipments is recognized in profit or loss to the extent that it exceeds the credit balance, if any, held in the properties revaluation reserve relating to a previous revaluation of that asset.

3.03 Intangible Assets

i) Recognition and Measurement

Intangible assets are measured at cost less accumulated amortization and accumulated impairment loss, if any. Intangible asset is recognized when all the conditions for recognition as per IAS 38 Intangible assets are met. The cost of an intangible asset comprises its purchase price, import duties and non-refundable taxes and any directly attributable cost of preparing the asset for its intended use.

ii) Amortization

Amortization is recognized in the statement of profit or loss and other comprehensive income on straight line method at the rate of 10% per annum. Amortization is charged on an asset when the asset is available for use i.e. when it is in the location and condition necessary for it to be capable of operating in the manner intended by management. Amortization of an asset ceases at earlier of the date that the asset is classified as held for sale in accordance with IFRS 5 and the date that the asset is derecognised.

iii) Subsequent Costs

Subsequent cost is capitalized only when it increases the future economic benefits embodied in the specific asset to which it relates. All other expenditures are recognized in profit or loss and other comprehensive income as incurred.

3.04 Capital Work-in-Progress

Capital work-in-progress represents the cost incurred for acquisition and/or construction of property, plant and equipment that were not ready for use at the end of 30 June 2024 and these are stated at cost.

3.05 Leases

At inception of an arrangement, the company determines whether the arrangement is or contains a lease. At inception or on reassessment of an arrangement that contains a lease, the entity separates payments and other consideration required by the arrangement into those for the lease and those for other elements on the basis of their relative fair values.

3.05.01 Finance Lease

Leases in terms of which the company assumes substantially all the risks and rewards of ownership are classified as finance leases. Upon initial recognition the leased asset is measured at an amount equal to the lower of its fair value and the present value of the minimum lease payments. Subsequent to initial recognition, the asset is accounted for in accordance with the accounting policy applicable to that asset. Minimum lease payments made under finance lease are apportioned between the finance expense and the reduction of outstanding liability. The finance expense is allocated to each year during the lease term so as to produce a constant rate of interest on the remaining balance of the liability.

3.05.02 Operating Lease

Leases that are not finance lease are considered as operating leases and the leased assets are not recognised in the Company's Statement of Financial Position. Payments made under operating leases are recognised in profit or loss on a straight line basis over the term of the lease.

3.05.03 Leasehold Assets

Assets held under finance leases are recognized as assets of the company at their fair value at the date of acquisition or, if lower, at the present value of the minimum lease payments. The corresponding liability is included in the statement of financial position as a finance lease obligation. Lease payments are apportioned between finance costs and reduction of the lease obligation so as to achieve a constant rate of interest on the remaining balance of the liability. Finance costs are recognized in the statement of profit or loss and other comprehensive income.

Assets held under finance leases are depreciated over their expected useful lives on the same basis as owned assets.

3.06 Investment

- i. Investment in unquoted shares are initially recognized at cost. After initial recognition these are carried at cost less impairment losses, if any.
- ii. Investment in quoted shares are recognized at fair value through other comprehensive income. Changes in fair value are recognized under other comprehensive income in the financial statements. Fair values of investment in quoted shares are determined by reference to their quoted price less cost to sale in active market at the reporting date. Dividend and gain/(loss) from sale are recognised in the profit or loss.

3.07 Inventories

i) Nature of Inventories

Inventories comprise of Finished goods, Raw materials and Spares and other materials.

ii) Valuation of Inventories

Inventories are measured at lower of cost or net realizable value in accordance with the Para of 21 and 25 of IAS 2

"Inventories" after making due allowance for any obsolete or slow moving item and details of valuation are as follows:

<u>Category</u>	<u>Valuation method</u>
i) Raw materials	Valued at Cost or Net Realisable Value whichever is lower.
ii) Finished goods	Valued at Cost or Net Realisable Value whichever is lower.
iii) Spares and other materials	Based on weighted average method.

3.08 Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

3.08.01 Financial Assets

The Company initially recognizes loans, receivables and deposits on the date that they are originated. All other financial assets are recognized initially on the date at which the company becomes a party to the contractual provisions of the instrument.

The Company derecognizes a financial asset when the contractual rights to the cash flows from the asset expires, or it transfers the rights to receive the contractual cash flows on the financial asset in a transaction in which substantially all the risks and rewards of ownership of the financial assets are transferred.

Financial assets include Trade Receivables, Advances, Deposits and Prepayments, Short Term Investments, and Cash and cash equivalents.

Loans and Receivables

Loans and receivables are financial assets with fixed or determinable payments that are not quoted in an active market. Such assets are recognized initially at fair value plus any directly attributable transaction costs. Subsequent to initial recognition, loans and receivables are measured at amortized cost.

Loans and receivables comprise cash and cash equivalents, loans, trade receivables, and deposits.

a) Trade Receivables

Trade receivables are initially recognized at cost which is the fair value of the consideration given in return. After initial recognition, these are carried at cost less impairment losses, if any, due to un-collectability of any amount so recognized.

b) Advances, Deposits and Prepayments

Advances are initially measured at cost. After initial recognition, advances are carried at cost less deductions, adjustments or charges to other account heads such as Property, Plant and Equipment, Inventory or Expenses.

Deposits are measured at payment value.

Prepayments are initially measured at cost. After initial recognition, prepayments are carried at cost less charges to profit and loss.

c) Cash and Cash Equivalents

According to IAS-7 "Statement of Cash Flows" cash comprises cash in hand and bank deposit and cash equivalents are short term, highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value. IAS-1 "Presentation of Financial Statements" provides that cash and cash equivalent are not restricted in use. Considering the provision of IAS 7 and IAS 1, cash in hand and bank balances have been considered as cash and cash equivalents.

Available-for-sale

Available-for-sale financial assets are non-derivative financial assets that are designated as available for sale and are not classified in any other categories of financial assets. Generally available-for-sale financial assets are recognized initially at fair value plus any directly attributable transaction costs and subsequent to initial recognition at fair value and changes therein other than impairment losses are recognized in other comprehensive income and presented in the fair value reserve in equity. Financial assets which are not traded in the market have been valued at cost unless any indication of impairment in value of such financial assets exist. Cumulative gain/losses recognized in the other comprehensive income are reclassified from equity to profit or loss upon derecognition or reclassification.

3.08.02 Financial Liabilities

The company initially recognizes all financial liabilities on the trade date which is the date the company becomes a party to the contractual provisions of the instrument.

The company derecognises a financial liability when its contractual obligations are discharged, cancelled or expired.

The company classifies non-derivative financial liabilities into the other financial liabilities category. Such financial liabilities are recognized initially at fair value less directly attributable transaction cost. Subsequent to initial recognition, these financial liabilities are measured at amortized cost.

Other financial liabilities comprise loans and borrowings, bank overdrafts and trade and other payables.

a) Trade and Other Payables

The company recognizes a financial liability when its contractual obligations arising from past events are certain and the settlement of which is expected to result in an outflow from the company of resources embodying economic benefits.

b) Interest-bearing borrowings

Interest-bearing borrowings comprise loans and operational overdraft.

3.09 Impairment

3.09.01 Financial Assets

Financial assets not carried at fair value through profit or loss, loans and receivables are assessed at each reporting date to determine whether there is objective evidence that it is impaired. A financial asset is impaired if objective evidence indicates that a loss event has occurred after the initial recognition of the asset, and that the loss event had a negative effect on the estimated future cash flows of that asset that can be estimated reliably.

3.09.02 Non-Financial Assets

The carrying amounts of the company's non-financial assets, other than inventories and deferred tax assets are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the recoverable amount of the asset is estimated. An impairment loss is recognized if the carrying amount of an asset or its related cash-generating unit (CGU) exceeds its estimated recoverable amount.

3.10 Share Capital

Paid-up-capital represents total amount contributed by the shareholders and bonus shares issued by the company to the ordinary shareholders. Incremental costs directly attributable to the issue of ordinary shares are recognized as expenses as and when incurred. Holders of ordinary shares are entitled to receive dividends as declared from time to time and are entitled to vote at shareholders' meetings. In the event of a winding up of the company, ordinary shareholders will be rank after all other shareholders. Creditors are fully entitled to any proceeds of liquidation before all shareholders.

3.11 Employee Benefits

The company maintains both defined contribution plan and defined benefit plan for its eligible permanent employees.

3.11.01 Defined Contribution Plan (Staff Provident Fund)

The company maintains a recognized provident fund @ 5% of basic pay (Equally contributed by employee and employer) for all eligible permanent employees.

Notification of Financial Reporting Council (FRC) on distribution of forfeited amount among members of provident fund dated 07 July 2020 has been complied with.

3.11.02 Defined Benefit Plan

The company maintains an unfunded gratuity scheme, provision in respect of which is made annually for the employees. Gratuity payable at the end of each year is determined on the basis of following rules and regulations of the company;

Service Length	Payment Basis
Less than 5 (Five) years	Nil amounts
After completion of 5 (Five) years but upto 10 (Ten)	Half times of last month basic salary X years of services
Above 10 (Ten) years but upto 15 (Fifteen) years	One times of last month basic salary X years of services
Above 15 (Fifteen) years	One and half times of last month basic salary X years of services

Six months continued service in the year of leaving or retirement will be trailed as one year for the purpose of calculation of gratuity.

3.11.03 Workers' Profit Participation and Welfare Funds

The company contributed 5% of net profit to the aforementioned fund in accordance with the requirement of Section 234 (Kha), Chapter 15 of Labour Law 2006 (as amended in 2022) and payable to these to employee and Bangladesh Sramik Kallyan Foundation.

3.12 Taxation

3.12.01 Current Tax

Provision for taxation is calculated on the basis of applicable corporate tax rate for publicly traded company as per ITA 2023.

3.12.02 Deferred Tax

Deferred tax liabilities are the amount of income taxes payable in the future periods in respect of taxable temporary differences. Deferred tax assets are the amount of income taxes recoverable in future periods in respect of deductible temporary differences. Deferred tax assets and liabilities are recognized for the future tax consequences of timing differences arising between the carrying values of assets, liabilities, income and expenditure and their respective tax bases. Deferred tax assets and liabilities are measured using tax rates and tax laws that have been enacted or substantially enacted at the statement of financial position date. The impact of changes on the account in deferred tax assets and liabilities has also been recognized in the profit and loss account as per IAS-12 "Income taxes".

The deferred tax asset/income or liability/expense does not create a legal liability/recoverability to and from the income tax authority.

3.13 Loans and Borrowings

Principal amount of the loans and borrowings are stated at their outstanding amount. Borrowings repayable within twelve months from the financial position date are classified as current liabilities whereas borrowings repayable after twelve months from the financial position date are classified as non-current liabilities. Accrued interest and other charges are classified as current liabilities.

Interest and other costs incurred by the company in connection with the borrowing of funds are recognised as expense in the year in which they are incurred, unless such borrowing cost relates to acquisition / construction of assets in progress that are capitalized as per IAS 23 "Borrowing Costs". Borrowing cost incurred against loan for BMRE project has been capitalised under effective interest rate method.

3.14 Provisions, Contingent Liabilities and Contingent Assets

A provision is recognized in the statement of financial position when the company has a legal or contractual obligation as a result of a past event, it is probable that an outflow of economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

Contingent liabilities are not recognized but disclosed, unless the possibility of an outflow of economic resources is remote.

Contingent assets are not recognized but disclosed where an inflow of economic benefits is probable. When the realization of income is virtually certain, then the related asset is not a contingent asset and its recognition is appropriate.

3.15 Revenue Recognition

Revenue is measured based on the consideration specified in a contract with a customer. The Company recognises revenue when it transfers control over a good or service to a customer. The following table provides information about the nature and timing of the satisfaction of performance obligations in contracts with customers.

Type of products	Nature and timing of satisfaction of performance obligations	Revenue recognition under IFRS 15
- Local sales	Customers obtain control of products when goods are shipped out at factory gate. Invoices raised as per management approved price list are generated at that point in time.	Revenue is recognized when (or as) the entity satisfies a performance obligation by transferring the promised good or service to a customer.
- Export sales		
- By Products		

The company is in the business of providing M.S. Billet and M.S. Rod. Revenue from contracts with customers is recognised when control of the goods are transferred to the customer at an amount that reflects the consideration to which the Company expects to be entitled in exchange for those goods. The Company has generally concluded that it is the principal in its revenue arrangements, because it typically controls the goods before transferring them to the customer.

Revenue from the sale of goods is measured at the fair value of the consideration received or receivable, net of Value Added Tax (VAT). Gross turnover comprises local sales of M. S. Billet, M.S. Rod, By-products, export of M.S. Rod and includes VAT paid to the Government of Bangladesh.

The Company considers whether there are other promises in the contract that are separate performance obligations to which a portion of the transaction price needs to be allocated. In determining the transaction price for local sales, the Company considers the effects of variable consideration payable to the customer.

The company has variable considerations included in the contracts with customers which are netted off against the revenue to determine the transaction price. The variable considerations are pre-determined. The effect of variable considerations on revenue is only from contracts with local customers.

3.16 Other Income

Other income includes gain / (loss) on sale of property, plant and equipment, Gain on sale of investment in quoted shares, dividend and other miscellaneous.

3.17 Finance Income and Cost

3.17.01 Finance Income

This has been calculated by dividing total attributable profit by the total number of ordinary shares outstanding during the year.

3.18.03 Diluted Earnings Per Share

Diluted earnings per share is required to be calculated for the year when there is scope for dilution exists.

3.18.04 Re-stated Earnings Per Share

Issue of bonus share in any year requires re-stating the EPS of the prior year. In such a case, the EPS calculation for those and any prior financial statements presented are based on the new number of shares.

3.19 Measurement of Fair Values

When measuring the fair value of an asset or liability, the entity uses market observable data as far as possible. Fair values are categorized into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows.

Level 1: Quoted prices (unadjusted) in active markets for identical assets and liabilities.

Level 2: Inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: Inputs for the assets or liabilities that are not based on observable market data.

If the inputs used to measure the fair value of an asset or liability might be categorized in different levels of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

Property, Plant and Equipment

The fair value of items of property, plant and equipment has been determined based on the depreciated replacement cost method and net realizable value method as applicable.

Equity and Debt Securities

Fair values of tradable equity and debt securities are determined by reference to their quoted closing price in active market at the reporting date which are categorized under 'Level 1' of the fair value hierarchy.

3.20 Events after the Reporting Period

Events after the reporting period that provide additional information about the company's position at the date of Statement of Financial Position or those that indicate the going concern assumption is not appropriate are reflected in the Financial Statements. Events after the reporting period that are not adjusting events are disclosed in the notes when material.

The composition of Earnings per share (EPS) is given below :

Total earnings attributable to the ordinary shareholders	857,737,809	267,611,052
Number of ordinary shares outstanding during the year	483,883,456	460,841,387
Weighted average number of ordinary shares outstanding during the year	483,883,456	460,841,387
Basic Earnings Per Share	<u>1.77</u>	<u>0.58</u>
Restated Earnings Per Share*		<u>0.55</u>

*EPS for the year 01 July 2023 to 30 June 2024 has been restated based on the new weighted average number of ordinary shares in accordance with para 64 of IAS 33.

Reason For Significant Deviation of EPS

Earnings Per Share (EPS) have increased to Tk. 1.77 from Tk. 0.58 in the previous year. While the operating profit remained the same as last year, the company effectively managed its foreign currency exchange losses. This year, the total loss from foreign currency fluctuations was Tk. 793,196,809 compared to Tk. 2,325,074,410 in the previous year. As a result, finance costs decreased by Tk. 515,482,205, and current tax expenses also dropped by Tk. 66,651,526. Consequently, net profit rose by Tk. 590,126,757 compared to last year.

33.02 Diluted EPS

No diluted EPS was required to be calculated for the period since there was no scope for dilution of share during the period under review.

Reason For Significant Deviation of Net Operating Cash Flow Per Share

Payment against suppliers and others during this period is less than the collection from customers, resulting a positive impact at Net Operating Cash Flows Per Share (NOCFPS).

45.00 Financial risk management

International Financial Reporting Standard (IFRS) 7 - Financial Instruments: Disclosures - requires disclosure of information relating to both recognized and unrecognized financial instruments, their significance and performance, accounting policies, terms and conditions, net fair values and risk information- the Company's policies for controlling risks and exposures.

The management has overall responsibility for the establishment and oversight of the company's risk management framework. The company's risk management policies are established to identify and analyse the risks faced by the company, to set appropriate risk limits and controls, and to monitor risks and adherence to limits. Risk management policies, procedures and systems are reviewed regularly to reflect changes in market conditions and the company's activities. This note presents information about the company's exposure to each of the following risks, the company's objectives, policies and processes for measuring and managing risk, and its management of capital. The company has exposure to the following risks from its use of financial instruments.

		Note(s)
a)	Credit risk	45.01
b)	Liquidity risk	45.02
c)	Market risk	46.03

45.01 Credit risk

Credit risk is the risk of a financial loss to the company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the company's receivables from distributors, institutional and export customers etc.

Management has a credit policy in place and the exposure to credit risk is monitored on an ongoing basis.

In monitoring credit risk, debtors are grouped according to their risk profile, i.e. their legal status, financial condition, ageing profile etc. Accounts receivable are related to sale of steels (M.S. Billet, M.S. Rod and allied products).

The maximum exposure to credit risk is represented by the carrying amount of each financial asset in the statement of financial position.

a) Exposure to credit risk

The carrying amount of financial assets represents the maximum credit exposure. The maximum exposure to credit risk at the reporting date was:

45.02 Liquidity risk

Liquidity risk is the risk that the company will not be able to meet its financial obligations as they fall due. The company's approach to managing liquidity (cash and cash equivalents) is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the company's reputation. Typically, the company ensures that it has sufficient cash and cash equivalents to meet expected operational expenses, including financial obligations through preparation of the cash flow forecast, based on time line of payment of financial obligations and accordingly arrange for sufficient liquidity/fund to make the expected payments within due dates. Moreover, the company seeks to maintain short term lines of credit with scheduled commercial banks to ensure payment of obligation in the event that there is insufficient cash to make the required payment. The requirement is determined in advance through cash flow projections and credit lines with banks are negotiated accordingly.

The following are the contractual maturities of financial liabilities:

Category of Liabilities	Carrying amount Taka	Nominal interest rate	Contractual cash flows		
			Within 12 months or less Taka	Over 12 months Taka	Total Taka

45.03 Market Risk

Market risk is the risk that changes in market prices such as foreign exchange rates, will affect the company's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimizing the return.

a) Currency risk

The company is exposed to currency risk on certain revenues and purchases such as melting scrap, chemical and acquisition of equipment. Majority of the company's foreign currency transactions are denominated in USD.

The company has translated all of its monetary items in foreign currency at the end of its accounting period by using two different rates since the bank offering two different rates for settling its assets and liabilities in foreign currency.

The following significant exchange rate is applied during the year:

	30 June 2024 Taka	30 June 2023 Taka
Exchange rate of US Dollar	118.00	108.84
Exchange rate of GBP	149.18	137.16

(ii) Foreign exchange rate sensitivity analysis for foreign currency expenditures

A reasonably possible strengthening (weakening) of the US Dollar against BD Taka at the reporting date would have affected the measurement of financial instruments denominated in a foreign currency and affected equity and profit or loss by the amounts shown below. The analysis assumes that all other variables, in particular interest rates, remain constant and ignores any impact of forecasted sales and purchases.

		30 June 2024		30 June 2023	
		Profit or loss		Profit or loss	
		Strengthening	Weakening	Strengthening	Weakening
		Taka	Taka	Taka	Taka
USD	(2% movement)	(436,637,743)	436,637,743	(444,977,955)	444,977,955
GBP	(2% movement)	338	(338)	311	(311)

(b) Transaction risk

Transaction risk is the risk that the Company will incur exchange losses when the accounting results are translated into the home currency.

(c) Economic risk

Economic risk refers to the effect of exchange rate movements on the international competitiveness of the company.

(d) Interest rate risk

Interest rate risk is the risk that arises due to changes in interest rates on borrowings. Short term bank borrowings are, however, not significantly affected by fluctuations in interest rates. The company has not entered into any type of derivative instrument in order to hedge interest rate risk as at the reporting date.

Exposure to interest rate risk

The interest rate profile of the company's interest-bearing financial instruments as reported to the management of the company is as follows.

	30 June 2024	30 June 2023
